

National Trust Conference 2018: *Opportunity Knocks*
Fredericton, NB October 18-20, 2018

Conference Bursary

Thanks to generous funding from the Government of New Brunswick in cooperation with the National Trust for Canada, the Association Heritage New Brunswick is pleased to offer a bursary program to assist individuals and organizations in New Brunswick in attending the National Trust Conference 2018, *Opportunity Knocks: Heritage as a Social, Economic, and Placemaking Force*, being held in Fredericton, October 18-20, 2018.

Canada’s Largest Heritage Learning and Networking Event

The National Trust Conference is the largest heritage conservation conference in Canada, which will gather museum and built heritage experts from across Canada. Nearly 400 delegates are expected to attend the conference this year in Fredericton, and we invite you to be one of them. The conference program is packed with sessions of interest to museums and built heritage advocates. Do not miss this opportunity to discuss heritage issues with colleagues and to share New Brunswick’s history and heritage with experts from outside the province. The National Trust, formerly the Heritage Canada Foundation, was created in 1973, and is a national charity which inspires action and the promise that historic places matter.

Eligibility

The bursary is open to all residents of New Brunswick who are members of museums and built heritage organizations. More than one representative per museum or organization may apply. A limited number of bursaries will be allocated on a competitive basis to provide equal opportunity to individuals and organizations across the province to attend the conference.

Value

The bursary program will subsidize a portion of the registration fee to attend the full conference.
