Moving Forward: Towards a Stronger Museum Sector, a 2018 report of the House of Commons Standing Committee on Canadian Heritage, recognizes the importance of museums to Canadians. Canada's museum associations supports this report and champions the following actions:

Establish a new National Museum Policy to better serve Canadians and their museums. (The current policy was established in 1972 and was last revised in 1990.)

Revise federal programs for museums to ensure a sustainable funding system that is accessible to museums large and small.
